

Electric Vehicle Supply Equipment “EVSE” Forum
2/18/14

Eric Mandell

Chief of Acquisitions

Procurement Division

Department of General Services

State of California

Procurement Division

The State of CA awards over \$9 billion dollars in contracts for goods, services and construction each year. DGS, through its Procurement Division (PD) is California's purchasing agent.

Statewide Commodity Contracts

- DGS-PD competes and administers statewide commodity contracts for use by State departments and California local governments.
- Used as one of the State's main procurement vehicles for leveraging its buying power.
- Website:
<http://www.dgs.ca.gov/pd/Programs/Leveraged/contracts.aspx>

EVSE Chargers

- Basic (Dumb) Chargers- Statewide Contract Invitation for Bid (IFB) bids submitted and being evaluated. Pool of qualified vendors sought:
- Category 1- Basic EVSE Level 1
- Category 2- Basic EVSE Level 2
- Category 3- Basic EVSE- DC Fast Charge
- Anticipated date of award 2/28/14.

EVSE Chargers

- **Smart Chargers**- Request for Information (RFI) Conducted with responses due February 10, 2014. Team formed to design RFO.
- Category 1- Smart EVSE Level 1
- Category 2- Smart EVSE Level 2
- Category 3- Smart EVSE- DC Fast Charge
- Category 4- Smart EVSE Combo
- Bid release anticipated May 5, 2014.
- Anticipated date of award September 2014.

EVSE Chargers

- Smart Chargers- Challenges
- How to charge for the “charge”?
- Fiscal Agent?
- Servicing the Chargers.
- Ever Changing Industry Standards and Technology.
- Lease vs. Purchase Model?

EVSE Chargers

- **Los Angeles County Cooperative Agreement with DGS**
- Agencies that have the authority and ability to do their own construction may select from a limited variety of EVSE options on contracts DGS has adopted from L.A. County.
- In place since March 6, 2013.
- Basic Chargers
- Equipment Only (no services)
- Self-Installation: Departments can go through the public works contracting process (solicitation, bid, install) and purchase a set number of chargers. Many departments have used this approach to install chargers to date.
